PROFILE

I'm a motivated developer with two years and for months of experience working as a React js developer.

As a front-end lover, I'm a self-driven learner of front-end frameworks. I spend my free time working on my open source projects(Check links). I'm always trying to push my self out of my comfort zone by learning new technologies and I always keep maintenance as well as quality in everything I do.

Currently working and living in Athens, Greece.

Undergraduate from Computer Engineer Degree at Universidad de la Republica, Montevideo, Uruguay.

EMPLOYMENT HISTORY

Software Developer at Integradoc, Montevideo, Uruguay

April 2018 — December 2019
